## WHAT OTHERS THINK.

The sale of Senator Nixon's holdings in the Goldfield Consolidated marks the dissolution of the most spectacular partnership in the mining history of Nevada. As was to be expected, Senator Nixon will henceforth confine his attention to pursuits rightly or wrongly considered in better keeping with his senatorial position, and George Wingfield, really responsible for the great wealth which the partnership has gained, will stay by the ship that has brought him safely through the shoals to the deep harbor of affluence. And the entire mining world will applaud him for the additional daring thus expressed.—Los Angeles Mining Review.

## STATE BANK WILL PAY SECOND DIVIDEND TODAY

CHECKS WILL BE RECEIVED BY TONOPAH BANKING CORPORATION TODAY.

Eugene Howell, cashier of the Tonopah Banking corporation, yesterday received word from Carson that the checks for the second dividend of the State Bank and Trust company will reach this city this morning.

This dividend, like the first, will be a 5 per cent one and will aggregate about \$50,000. The checks will be distributed by the Tonopah Banking corporation, who also had charge of the handling of the first dividend, which was declared some months ago.

## CANDY LIKE MOTHER USED TO MAKE

IS BEING RECEIVED BY EXPRESS DAILY BY THE ROTHOLTZ BROTHERS.

Candy such as mother used to make is now being received daily by Rotholtz Brothers from Foster and Orear, the famous San Francisco confectioners.

This candy is shipped by express, assuring to the candy lovers of Tonopah fresh sweets daily. It has been only recently that this firm has started to deal with the house of Foster and Orear, but this short time has been sufficient to demonstrate the quality of the candies received, and their trade along this line has more than doubled and is growing daily. The candy trade of Tonopah is a large one and the Rotholtz brothers realize that in order to hold this trade it is necessary to handle nothing but the best.

Not only is the firm appealing to local people but has built up a large trade in the outside towns for the same of their bon bons has traveled.

## LUNAS CLAVA ENTERTAIN AT WHIST PARTY

MRS. W. B. PITTMAN ACTS AS HOSTESS AT ENJOYABLE PARTY.

The Lunas Clava club was entertained yesterday afternoon by Mrs. W. B. Pittman at her residence. Bridge whist was the feature of the afternoon, following which a delightful luncheon was served by the hostess. Mrs. James Morris secured the prize while the consolation prize was tendered to Mrs. Key Pittman. Every Tonopah member of this organization was present and the time was spent in an enjoyable manner.

## STOCK MARKET

The features of yesterday's stock quotations were Silver Pick and Red Hills of Goldfield and Midway of Tonopah. And then the remaining stocks were more or less a feature in themselves. A general advance was recorded and from the advices received from San Francisco by the brokers, there is every indication of a great uprising. This rise has been looked for during the last two months and has been predicted not only by the brokers, but by the moneyed men of both the east and west.

Yesterday's rise was noticeable in the smaller stocks to a greater extent than in the larger ones. One of the reasons prescribed by Broker Harry Epstein is that the buying orders from the east have started to arrive with little or no stock offered for sale.

George Wingfield was on the San Francisco stock exchange Monday buying and boosting, and as a result the Wingfield securities are in the lead in the matter of advancement. Red Hills advanced yesterday from .07 to .15, while Silver Pick went up from .07 to .33. Both of these properties are controlled by Wingfield.

Midway took the lead in the local securities with an advancement of 3 points, Belmont closed 2 stronger, MacNamara, which advanced 2 points on Monday's board, gained another point yesterday and closed at .30 bid.

Goldfield Consolidated advanced 2½ points, Florence went up 3, Fraction 5, Columbia Mountain 2 and Booth 1.

A synopsis of the last two week's rise in the Goldfield stocks, principally those of the middle class, shows a material rise. Columbia Mountain, which closed on yesterday afternoon's board at .16, advanced 6 points; Booth has advanced from .17 to .21; Kewanas from .09 to .19; Atlanta from .10 to .15. A great many of the smaller ones, on which no quotations have been received, have also made favorable gains. Greenwater Death Valley Copper and Smelter stock that was selling ten days ago for .03 was quoted at .10. The reports from that district state that the miners employed at that property are investing heavily in that security.

The following quotations were received by the reliable brokerage firm of H. E. Epstein:

## MISS NEWLANDS TO WED.

The numerous friends of Miss Ada Newlands, the niece of Senator Newlands, will be happy to learn of her approaching marriage to Dr. Virginius Dabney, at Washington. Miss Newlands has formerly spent many vacations with her aunt and uncle in Reno, where she gained many dear friends by her charming personality and winning ways. The wedding ceremonies will be performed on May 18 at Chevy Chase church in Washington.

## HOLE THROUGH TUNNEL CAVE.

Leon M. Hall, consulting engineer of the Comstock Pumping association and superintendent of the Suto tunnel, said Monday that a hole has been made through the caving ground in the Suto tunnel and it is open from the Combination to the C. & C. shaft. The water in the C. & C. was seventy-five feet below the 2350 station Monday morning. At the present rate of receding it will be possible to resume work on the 2450 level before the close of the current week.

### DEATH VALLEY TRIP PLANNED WITH AUTO

Another desperate attempt to cross the southern end of Death valley in an automobile will be made soon, a party of mining men of Salt Lake City having completed arrangements to leave San Francisco Thursday with that purpose in view. The party consists of F. O. Kenner, L. E. Day, Charles Covey and a local chauffeur, J. Compton, who is familiar with the country.

Several efforts have been made to cross Death valley at this section, but all have failed, some of them tragically. Undaunted, however, by past failures, the four men in the party have decided to try it. The primal idea of the journey is one of exploration for future prospecting. The four will leave San Francisco Thursday for Mojave, then proceed to Johannesburg, thence to Ballarat, over the Funeral range to Skiddoo, and thence across the valley. The distance across Death valley is about seventy-eight miles, and Compton expects to do it in thirty hours.

On account of the fine sand which will be encountered, two strips of canvas, each sixty feet in length, will be carried along. These will be staked down in the sand, the automobile travels along it for sixty feet, when the second strip will be laid out and the first rolled up. This particular section of Death valley is 480 feet below sea level, and should anything go wrong with the machine there will be very little chance of the four getting out of the desert alive.

### MEETS PAINFUL INJURY.

George Fottler, top man at the Midway mine, yesterday received an injury that necessitated the amputating of one of his fingers. He was unloading a car from the cage and in some unaccountable way his finger was crushed. He was taken to the Miners' hospital where the injured member was amputated.
